Gay book group

- PDF version of this document attached

After almost six years of sending out the weekly LGBT bulletins, they will be finally coming to an end on the week ending August 13th, this is due to my role changing and no longer being a LGBT worker here.

Big thanks to those who signed up for updates, sent items for inclusion, read the bulletins and those that thought the bulletin was a great idea of keeping 'in the loop' with local and London wide events.

All the best. Dax

Future Stonewall guidance

Stonewall is producing a guide for public organisations on how to better involve LGB people and LGB community groups in their work. We are keen to include your group's experiences and perspectives in this guide by inviting you to complete a short survey;

<http://www.surveymonkey.com/s/publicservices>

Stonewall know that public organisations such as police forces, councils and hospitals are increasingly turning to gay community groups to seek advice on how they can better serve local gay people. Often they do this with little idea of who to approach, what questions to ask and with little understanding for the fact that many community groups are voluntary and funded by small donations. With the onset of the Equality Act, these demands are only going to increase.

Southwark LGBT Survey

Many thanks to those who have already taken part, over 100 surveys completed. The more completed, the more useful in helping shape and direct any future work!

Two weeks to go..... Still plenty of time to have your say! A survey has been developed, through the community safety department at Southwark Council, to gather information from members of the lesbian, gay, bisexual and trans (LGBT) community in terms of how people might feel **accepted, welcomed and safe in Southwark.**

Everyone from the LGBT community who **live, work, play, visit and/or learn** in Southwark is welcome to take part and complete this survey.

All the information gathered is vital and useful in creating a true

Glad to be Grey?

Development Co-coordinators Nick Maxwell and Stacey Halls of Age Concern's Opening Doors project were interviewed for BBC Radio 4's broadcast "Glad to be Grey?" on Monday 19th July.

An estimated 500,000 listeners tuned into the show to hear about the experiences of older gay men and lesbians regarding both their fears and experiences of living in sheltered and residential housing.

You can listen to the broadcast by clicking on the link below and please contact Nick or Stacey if you, or anyone you know, would like to know more about the groups and activities that the project offers to support older LGBT individuals in London.
